

THRIVE

THRIVE

Learning Experience Platform

THRIVE is the ultimate learning and communication platform that helps teams innovate training, improve communication and increase employee engagement.

We use next-gen technology to empower busy businesses to continuously learn, stay ahead of digital transformation and thrive at work.

Client's goals

Create an online community, share important announcements and bring people across the globe together.

Provide self directed learning for people to learn in the flow of work and at their own pace.

Harness the existing knowledge within our organisation.

Increase efficiencies and drive positive outcomes for our business.

THRIVE's the solution

THRIVE breaks down silos between departments and locations, giving your internal community a voice and space to discuss, share and consume.

THRIVE will transform your learning culture, making learning a habit, not an afterthought.

THRIVE empowers social learning. We'll help you bottle the knowledge of experts and share it across your entire business.

The impact of THRIVE will save time, increase sales, ensure compliance, improve product knowledge, grow engagement, reduce staff turnover and increase productivity.

HOW IT WORKS

Learn

Innovate and future proof compliance, product knowledge, sales enablement, onboarding and more.

Create

Harness the power of user generated content, learning pathways, auto curated content and formal learning.

Connect

Encourage collaboration, sharing and learning to empower mentoring and a developmental culture in your organisation.

Discover

Provide access to relevant information at the point they need it.

Analyse

Every interaction in THRIVE is tracked to help prove ROI.

Engage

Gamification, personalisation and social learning prompt ongoing interaction and enhance the user experience.

Content partners

Auto-curate content from these providers
